75 years OF SERVING AMERICAN BUSINESS

THE year 1945 is the seventy-fifth Anniversary for R. L. Polk & Co. Three-quarters of a century of Service to cities and industries of America.

WE HAVE grown a lot in seventy-five years, and we plan to keep on growing. We feel younger than ever. Our real future still is ahead of us . . . because the real future of our Country lies ahead.

IN 1870 Ralph L. Polk, the Founder of this Company, laid down a fundamental policy of Good Service . . . Honest Service. That policy still is *basic* with us. Our growth in experience, in skill, in size, came about only because we built on that solid old foundation of Service.

SO, ON OUR seventy-fifth Anniversary, we thank you for doing business with us . . . for guiding us along the way. We want any and all of our Services to be even more valuable to you in the years to come . . . and we pledge our best efforts to that end.

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1945 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Ontario, Roland, Slater, Story City, Zearing, and the farmers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

Seven Major Departments

The seven major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 13 to 22, on white paper, presents lists of city and county officials; post office Directory; statistical review; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 143, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 145 to 174. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE STORY COUNTY DIRECTORY, covering the small towns of the county, extends from page 177 to page 228, on white paper.

THE STORY COUNTY FARMERS DIRECTORY appears in pages 229 to 278, on white paper.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 20, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Ames and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Ames, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 301 to 328, on white Paper. This department lists the names of all business and professional concerns of Ames in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity. There are more than 500 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Library—Ames Public Library, separate board, founded in 1903 under Carnegie grant; \$85,000 addition completed in 1939; 26,000 volumes.

Police Department—Rated one of most efficient in U. S.; operates Radio Station KQFW, two-way communication, with 3 autos and state police radio system; force includes chief and 9 patrolmen, all radio operators.

Fire Department—Highly efficient fire-fighting force, operating under two-platoon system; 2 stations, 1 at Iowa State College; 3 pumping engines; total pumping capacity, 2,000 gallons per minute; average annual fire loss past 10 years, \$20,802; force includes chief, assistant and 7 firemen.

Municipal Court—Founded in 1928 under special Iowa statute; handles civil (up to \$1,000) and criminal matters for entire county, having final judgment in misdemeanors and authority to bind to grand jury in felonies; appeals go directly to Iowa Supreme Court; had handled 2,740 civil dockets and 9,045 criminal dockets since inception.

MARY GREELEY MEMORIAL HOSPITAL

To the above original structure has now been added a \$153,000 wing, increasing hospital facilities to accommodate 72 beds. Hospital is modernly-equipped, well-staffed, up-to-date in every respect.

MUNICIPAL MUSIC PAVILION

One of the finest pavilions for outdoor music west of Chicago. Contains large band-practice room, with ample dressing rooms off-stage. Equipped with multi-colored lighting facilities, perfect acoustics, public address system. Pavilion facilities frequently used by many groups for meetings, etc.

Municipal Band—Incorporated 25 years ago; supported by $\frac{1}{2}$ mill annual levy; has paid professional director; plays weekly summer concerts from music pavilion, attended by as many as 3,000 at one time; music pavilion erected in 1935 at a cost of \$37,000, rated one of the finest in Middle West.

Other Boards and Commissions—City Planning Commission, Playground Commission, Zoning Adjustment Board, Police and Fire Pension Boards, Civil Service Commission, Plumbing Examining Board.

Iowa State College

Iowa State College of Agriculture and Mechanic Arts was founded in 1858 under Federal land grant, 9 years after first settler built his cabin in Story County.

College land covers 2,943 acres, with 781 acres in main campus and recreation areas, rest in experimental farms; total land value, \$749,000.

Physical plant includes 40 main buildings, 250 minor structures; total value, land, buildings and equipment, \$15,000,000.

Income for 1943-44 school year, \$6,125,000, derived from State appropriation (\$2,530,000), Federal allotments, student fees, gifts and endowments. Students residing in Iowa pay no tuition, only special fees.

Student enrollment for 1943-44, 14,123, including 1,016 freshmen, 823 sophomores, 635 juniors, 998 seniors, and 685 graduate and special students. Enrollment in short courses, 2,690; non-collegiate students, including Navy short courses, 7,276.

Teaching faculty, 462; research workers, 172; agricultural and engineering extension personnel, 95 (plus 201 county agents, club agents, and home demonstration agents in 99 Iowa counties); other administrative and service personnel, 490.

Main Divisions: Agriculture, Engineering, Science (including Liberal Arts), Home Economics (including Applied Arts), Veterinary Medicine.

Research activities extend through all divisions and are well-known around the world. Outstanding research achievements in agricultural by-products; in hybrid corn and many other farm products; in the dairy industry; in agricultural engineering; in veterinary science; in general engineering, especially in highway construction and safety factors, and in industrial health and safety problems.

Iowa State Highway Commission

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division at Iowa State College, independently established in 1913.

Physical plant erected in 1924 on 5 acres donated by people of Ames, includes commodious administration building, testing laboratory, numerous shops and garages. Maintenance stations and divisional offices reach into every county.

Highway program has accomplished construction of 5,497 miles of concrete paved highways in Iowa, partly with Federal aid, and 752 miles of bituminous (black-top) surfacing, and has built a system of graveled farm-to-market roads reaching into nearly every local agricultural community in the state.

STATE HIGHWAY COMMISSION

Main administration building, housing the general offices, engineering and drafting divisions, and numerous other functions. Materials-testing laboratory, shops and central garages also are located on this five-acre tract donated to the State by the people of Ames

AMES HIGH SCHOOL

The High School is strictly up-to-the-minute in approved equipment, with a schedule of well-balanced courses taught by competent instructors. Its graduates rank outstandingly high in college work

Approximately \$430,000,000 has been spent on highway construction by the Commission in the past two decades.

Personnel: Commission has employed as many as 2,500 persons at one time, engineers, administrative officers, workers in all lines, and currently maintains staff of about 200 in Ames.

Ames Public Schools

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises ten buildings, with a present total valuation of \$1,606,000. These include the \$576,000 modern high school building with its splendid auditorium and gymnasium facilities; the Central Junior High School; the Welch Junior High and Elementary School; Beardshear, Crawford, Lincoln, Roosevelt and Whittier elementary schools; the Franklin Opportunity School; and the Field House. A fine stadium and lighted athletic field also are a part of the school plant.

Pupil enrollment for 1944-45 totals 2,341; teaching staff, 101; other personnel, 26.

Conclusion

From the foregoing factual data, it can be seen that the city of Ames offers many advantages—social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricul-

tural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Buyers' Guide?

★ It is customary to include a Buyers' Guide in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . **EXTENDED**

POLK'S AMES

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1945

Copyright, 1945, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Your Tires

**DESERVE THE VERY
BEST . . . HERE IT IS!**

The war is teaching motorists of America the serviceability, reliability and economy of Re-capped tires . . . but re-capping jobs are not all alike. For the best results, your old tire must be in sound condition. The materials used for the job must be the best available. And the work must be right. New developments in rubber welding machinery . . . and just installed in our shop . . . assures you that expert re-capping for your precious tires is available right here at home.

Step in tomorrow and let us inspect and advise you on the condition of your tires.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest

use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
